Interfaith Dialogue

United Theological College (UTC) is part of Charles Sturt University’s School of Theology. Interfaith Dialogue (THL334) is being offered as an intensive subject for Session 3 from 16 to 20 November 2015.

With increasing religious diversity in Australia, what is the place of Christian faith and witness in our growing multicultural and multi-religious context? How might we witness faithfully in such a context?

Interfaith Dialogue will help you develop key competencies in both the theory and practice of interfaith dialogue.

Learning objectives include:

- examine the beliefs of a number of religious traditions
- address basic key theological principles of interfaith dialogue
- explore key issues rising from historic relationships between Christianity and other faiths
- develop relationships with people of other faiths through visits to places of worship and by spending time in conversations with theologians and practitioners from a variety of faiths comprehending the various denominational practices and ecumenical understandings of ordination.

This course is open to anyone who has a keen interest or who would like to deepen their knowledge in the theology of interfaith dialogue and practice, or for those who are just beginning this journey of witness and faith.

Now is the time to develop your understanding and experience of Interfaith ministry.
